ABOUT COTTON COUNCIL INTERNATIONAL

COTTON COUNCIL INTERNATIONAL (CCI)

CCI is a non-profit trade association that promotes U.S. cotton fiber and manufactured cotton products around the globe with the COTTON USA trademark.

CCI aims to be the supplier of choice for those who are committed to only buying cotton that is produced with sustainable and responsible environmental, safety and labor practices.

CCI works with spinning mills, fabric and garment manufacturers, brands, retailers, textile associations, governments and the USDA to facilitate the use of U.S. cotton.

CCI's reach extends to more than 50 countries through 20 offices around the world.

ABOUT THE BESPOKE SOURCING TRIP

03

A fully customised materials and manufacturer-matching program taking place in Bangkok, organised by SFC.

This program is a part of SFC's Industry Development Department, which aims to help local industry gain greater access to global fashion resources, at many points in the fashion value chain.

Organised in collaboration with Cotton Council International and the Thai Garment Manufacturers Association, this trip is intended to help Singapore's designers and manufacturers find new sources of cotton material and manufacturing in Thailand.

The trip will match Singapore participants with suitable factories in Thailand, according to their requirements. SFC, CCI, and TGMA will organise specific matches and visits to potential factories and mills - making introductions and forging new business connections.

04
