

WHAT YOU MISSED IN 2025

Be the Change Summit

The 2025 Be the Change Summit under the theme *Fashion Futures*, reflected the need for systemic change in the global fashion industry. The summit expanded its focus beyond sustainability to explore broader industry shifts, including circularity, emerging technologies, regulation, talent development, and inclusive design.

Singapore Stories

Singapore Stories 2025 evolved into a cross-cultural platform, bringing together Singapore-based and international designers to showcase diverse narratives, positioning Singapore as a meeting point for global fashion stories.

Fashion for All

Fashion For All celebrated diversity and inclusion through a vibrant fashion showcase. In collaboration with Pink Fest, the programme highlighted the creativity of local designers and the power of fashion as a platform for diverse voices and community engagement.
